ORDER:

In the G.O. first read above, orders were issued to avail medical assistance for Critical care under New Health Insurance Scheme and in respect of Non-Critical care COVID-19 positive cases, the Government has authorized the United India Insurance Company Limited to form two separate Corpus Fund of Rs.5.00 crore and Rs.2.50 crore for treatment in empanelled hospitals respectively. The Corpus Funds will be recouped from the Government as and when required.

2. In the G.O. sixth read above, amendment has been issued to the G.O. first read above as follows:-

4(iv) Payment to non-empanelled hospital: United India Insurance Company Limited shall make payment as per the rates in para 4(i) for critical care for COVID positive cases even in non-empanelled hospitals, as these treatments will come under the Emergency clause of New Health Insurance Scheme, such claims made are exempted from placing in District

Level Empowered Committee. The United India Insurance Company Limited shall settle the claims accordingly.

3. In the reference seventh read above, the Commissioner of Treasuries and Accounts has pointed out that the claims for the Non-Critical COVID-19 treatment taken in Non-Network hospital claims which are not covered in the Government Orders were returned to the individuals indicating that the claims were rejected. It is ascertained from United India Insurance Company Limited, Chennai that approximately 1,044 COVID-19 claims has been returned to the office of Commissionerate and that 884 claims pertains to Non-Critical treatment taken in Non-Network Hospitals. The balance 160 claims relates to the Critical treatment taken in Non-Network hospitals which are to be placed in District Level Empowered Committee as these claims are covered under New Health Insurance Scheme and regarding the quantum involved in these 884 Non-Critical COVID-19 treatment taken in Non-Network hospitals, they have not assessed the expected claim amount as the claim was not processed. The average per claim paid for non-critical treatment taken in empanelled hospitals works out to approximately Rs.65,480/- based on which the approximate total amount would be Rs.5.79 crores.

4. The Commissioner of Treasuries and Accounts has also pointed out that on perusal of various Non-critical and Non-Network COVID-19 medical reimbursement claims, it is observed that the amount of medical expenses incurred by the petitioner varies from Rs.45,000/- to a maximum of Rs.3,00,000/- and on an average in respect of Non-Critical care COVID-19 cases for treatment taken in Non-Network hospitals, the expenditure incurred is around Rs.1,00,000/- per claim based on which the approximate total amount required would be around Rs.10.00 crores [Rs.4.00 crore for Employees and Rs.6.00 crore for Pensioners].

5. In respect of the treatment taken by the Government Employees and their eligible family members and Pensioners (including spouse)/Family Pensioners under COVID-19 Non-Critical care treatment taken in Non-Network hospital, the claim made by the employees and pensioners under this category is neither covered under New Health Insurance Scheme nor under Corpus Fund.
